About

- I am currently a student in my last year of studying Computer Science at Suleyman Demirel University.
- In addition to the theoretical education I have gained in the field of Computer Engineering, I also have System & Network, and iOS Developing experiences in companies such as SDU/ Department of Information Technologies and Doğuş Technology (long-term).
- As for technical proficiency, I have Design Patterns(MVVM) and Unit/UI test proficiency in the field of IOS; as for Personal proficiency, I am hardworking and follow the latest in technology.
- My hobbies include visiting historical buildings and museums in my region, watching movies, and producing content in the field of software (Medium).
- As a career goal, I want to manage a global-scale project.
